

Embracing Change with Gratitude: A Letter to Our Cherished Patients

Dear Esteemed Patients,

I hope this letter finds you in good health and high spirits. As I sit down to write to you, a flood of gratitude and humility overwhelms me, reflecting on the incredible journey we've shared over the past decade in my tenure as an associate working alongside Dr. Greenstein. It has been a privilege to witness the dedication and commitment of our patients to their oral health over the years. Your confidence and loyalty to our team have been the pillars of our continued success, and I am sincerely thankful for the relationships we have built. Each smile we've improved, every concern we've addressed, and every moment of shared triumph has been a testament to the strength of the bond we share.

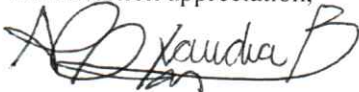

As some, if not most, of you may be aware, there have been changes within our practice that I am excited to share, or rather, reiterate or remind you about. Since March 2023, I have taken on the responsibility of ownership succeeding Dr. Greenstein. This transition has been both an honor and a humbling experience, as I carry forward the legacy of excellence and compassion that Dr. G cultivated over the years. With this change comes a fresh perspective and a renewed commitment to your well-being. We have embarked on a rebranding journey, and I am delighted to introduce you to "The Village Dental: Aesthetics and Wellness," formerly Greenstein Dental. This evolution is more than just a change in name; it signifies our endless dedication to providing comprehensive care that goes beyond traditional dentistry, embracing dental and facial aesthetics and overall health. Our re-brand aligns seamlessly with what our practice has always embodied: the culture of working with top specialists to tirelessly bring our patients (of all ages) the most comprehensive and cutting-edge approach to oral health and thus the highest standard of care, which leads to overall and systemic well-being.

As we move forward, I am mindful of the responsibility that comes with being entrusted with your oral care. I am genuinely excited about the future of our practice and the continued privilege of serving you under this new banner. Your continued trust is vital as we navigate this transformation. Your feedback is always appreciated, and I am committed to ensuring that your experience at The Village Dental is nothing short of exceptional.

I am also pleased to share that Dr. Greenstein, a recognized and passionate leader in dentistry, whose expertise in the TMJ/Neuromuscular realm has been integral to our practice, continues to be an invaluable part of our team. While he has transitioned to a part-time role, his commitment to patient care remains unparalleled.

Once again, thank you for being a part of our practice's story and a part of our family. Your trust has been the driving force behind our growth and evolution, it is an honor I do not take lightly. Here's to many more years of shared smiles, health, and happiness because we all know "it takes a village..."

With heartfelt appreciation,

Dr. Alexandra Castillo, DMD
